**Item 8.01. Other Events.**

On December 23, 2024, Innovid Corp., a Delaware corporation ("Innovid"), filed with the U.S. Securities and Exchange Commission (the "SEC") a definitive proxy statement (the "Proxy Statement") relating to the special meeting of stockholders (the "Special Meeting") to be held on February 11, 2025, to, among other things, adopt the Agreement and Plan of Merger (as it may be amended from time to time, the "Merger Agreement"), dated as of November 21, 2024, by and among Innovid, Mediaocean LLC, a Delaware limited liability company ("Parent") and Ignite Merger Sub, Inc., a Delaware corporation and a wholly owned subsidiary of Parent ("Merger Sub"). The Merger Agreement provides that, upon the terms and subject to the satisfaction or waiver of the conditions set forth therein, Merger Sub will merge with and into Innovid (the "Merger"), with Innovid continuing as the surviving corporation and a wholly owned subsidiary of Parent.

***Litigation Relating to the Merger***

As of the date hereof, Innovid has received several demand letters from purported stockholders (the "Demand Letters") of Innovid and, to Innovid's knowledge, two complaints have been filed with respect to the Merger. The complaints are captioned: *Richard Williams v. Innovid Corp. et al.* and *Philip Stone v. Innovid Corp. et al.* (collectively referred to as the "Stockholder Actions").

The Demand Letters and the Stockholder Actions allege that, among other things, the Proxy Statement contains certain disclosure deficiencies and/or incomplete information regarding the Merger. Although the outcome of, or estimate of the possible loss or range of loss, from these matters cannot be predicted, Innovid believes that the allegations contained in the Demand Letters and Stockholder Actions are without merit.

Innovid believes that no supplemental disclosures are required under applicable laws; however, in order to avoid the risk of the Demand Letters and the Stockholder Actions delaying the Merger and minimize the expense of defending the Stockholder Actions, and without admitting any liability or wrongdoing, Innovid is voluntarily making certain disclosures below that supplement those contained in the Proxy Statement. These disclosures, and disclosures on certain other matters, are provided in this Current Report on Form 8-K (the "8-K"). Nothing in this 8-K shall be deemed an admission of the legal necessity or materiality under applicable laws of any of the disclosures set forth herein. To the contrary, Innovid specifically denies all allegations in the Demand Letters and the Stockholder Actions, including that any additional disclosure was or is required.

It is possible that additional, similar demand letters or complaints may be received or filed, or the Stockholder Actions may be amended. Innovid does not intend to announce the receipt or filing of each additional, similar demand letter, complaint or any amended complaint.

**SUPPLEMENT TO THE PROXY STATEMENT**

This supplemental information to the Proxy Statement should be read in conjunction with the Proxy Statement, which should be read in its entirety. All page references are to pages in the Proxy Statement, and terms used below, unless otherwise defined, have the meanings set forth in the Proxy Statement. Underlined text (e.g., underlined text) shows text being added to a reference disclosure in the Proxy Statement and a line through text (e.g., ~~a line through text~~) shows text being deleted from a referenced disclosure in the Proxy Statement.

***Background of the Merger***

*The disclosure under the heading "Background of the Merger" is hereby amended and supplemented as follows:*

*By adding the following disclosure to page 35 of the Proxy Statement following the paragraph ending "...conducted a management presentation with representatives of Party B."*

---

Other than the confidentiality agreements entered into with Parent, Party A and Party B, Innovid did not enter into confidentiality agreements with any other parties regarding its strategic transaction process. Following the execution of the Merger Agreement on November 21, 2024, Innovid was not party to any confidentiality agreement that imposed standstill restrictions (including “don’t ask/don’t waive” provisions) on Innovid’s counterparty.

*By adding the underlined disclosure to the paragraph beginning “On September 1, 2024, the Innovid Board met...” on page 36 of the Proxy Statement:*

Following such discussion, the Innovid Board determined that (x) it believed there was a very low likelihood that the Other Potential Acquirors would be willing and able to act quickly to submit a proposal to acquire Innovid and pay a similar or greater premium to acquire Innovid (other than Party B, which had not yet submitted a proposal), given that the price offered in the August 2024 IOI offered a premium of approximately 70% to the closing price of Innovid Common Stock on August 30, 2024; (y) in the Innovid Board’s view, the risks of additional outreach, including the risk of a “leak” of the strategic transaction process and the risk that such outreach, if disclosed to the public, may cause Parent, Party A or Party B to withdraw from Innovid’s strategic transaction process or have adverse effects on Innovid’s workforce and business relationships, outweighed the benefits; and (z) Innovid should not expand its outreach to any of the Other Potential Acquirors at such time.

*By adding the underlined disclosure to the paragraph beginning “On September 1, 2024, the Innovid Board met...” on page 36 of the Proxy Statement:*

Following such discussion, the Innovid Board again determined that (x) it believed there was a very low likelihood that the Other Potential Acquirors would be willing and able to act quickly to submit a proposal to acquire Innovid and pay a similar or greater premium to acquire Innovid, given that the price offered in the August 2024 IOI offered a premium of approximately 96% to the closing price of Innovid Common Stock on September 6, 2024; (y) therefore, in the Innovid Board’s view, the risks of additional outreach, including the risk of a “leak” of the strategic transaction process and the risk that such outreach, if disclosed to the public, may cause Parent, Party A or Party B to withdraw from Innovid’s strategic transaction process or have adverse effects on Innovid’s workforce and business relationships, outweighed the benefits; and (z) Innovid should not expand its outreach to any of the Other Potential Acquirors at such time.

*By adding the underlined disclosure to the paragraph beginning “Later on October 19, 2024...” on page 43 of the Proxy Statement:*

The Proposed Equity Rollover specified that, aside from Mr. Netter, whose Innovid Common Stock Rollover was valued at approximately \$7.6 million, the value of the rollover of shares of Innovid Common Stock for each management member would be less than \$1 million. This proposal was subsequently shared with the Innovid Board that same day.

*By adding the underlined disclosure to the paragraph beginning “That evening, White & Case...” on page 46 of the Proxy Statement:*

That evening, White & Case and management’s advisors discussed the Netter Term Sheet and White & Case provided a revised draft of the Netter Term Sheet to management’s advisors and Deutsche Bank provided a revised draft of the Proposed Equity Rollover to Evercore, which proposed increased rollover values (relative to the October 23 version of the Proposed Equity Rollover) for each of the members of Innovid’s management included in the Proposed Equity Rollover.

*By adding the underlined disclosure to the paragraph beginning “Later that day, DLA Piper...” on page 46 of the Proxy Statement:*

---

Later that day, DLA Piper provided a revised draft of the Netter Term Sheet and rollover agreement to White & Case. Mr. Wise subsequently provided a revised draft of the Proposed Equity Rollover to Mr. Netter, which proposed reduced rollover values (relative to the October 27 version of the Proposed Equity Rollover) for each of the members of Innovid's management included in the Proposed Equity Rollover. This version of the Proposed Equity Rollover proposed a total rollover for Mr. Netter of \$6 million.

On October 29, 2024, Mr. Wise provided another revised draft of the Proposed Equity Rollover to Mr. Netter. This version of the Proposed Equity Rollover remained consistent with the previous version with respect to the value of Mr. Netter's rollover.

#### ***Reasons for the Merger***

*The disclosure under the heading "Reasons for the Merger" is hereby amended as follows:*

*By adding the underlined disclosure to the paragraph beginning "Results of Process Conducted." on page 51 of the Proxy Statement:*

*Results of Process Conducted.* The Innovid Board, with the assistance of Innovid's management and advisors, evaluated the outcome of the process undertaken to explore potential strategic transaction opportunities for Innovid. This process, as described further in the section of this proxy statement captioned "*The Merger—Background of the Merger*," included conducting management presentations, sharing the Bidder Projections, and facilitating due diligence of three potential acquirors for multiple months. As described further in the section of this proxy statement captioned "*The Merger—Background of the Merger*," the Innovid Board considered, but decided against, conducting outreach to additional potential acquirors due to its belief that there was a very low likelihood that any other potential acquirors would be willing and able to act quickly to submit a proposal to acquire Innovid and pay a similar or greater premium to that offered by Parent to acquire Innovid given that the Per Share Price represents an approximately 94% premium to the closing price of Innovid Common Stock on November 20, 2024, the last trading day before the public announcement of the Merger Agreement, and that, in the Innovid Board's view, the risks of additional outreach, including the risk of a "leak" of the strategic transaction process and the risk that such outreach, if disclosed to the public, may have caused Parent to withdraw from Innovid's strategic transaction process or have adverse effects on Innovid's workforce and business relationships, outweighed the benefits. The Innovid Board also considered the fact that Party A withdrew from Innovid's strategic transaction process without providing any indication of interest to acquire Innovid and that Party B declined to provide any indication of interest to acquire Innovid in writing, and withdrew from Innovid's strategic transaction process following the Innovid Board's request that Party B increase its proposed price per share to meet the price per share offered by Parent at that time. Finally, the Innovid Board considered the Party C IOI, the fact that the price per share offered in the Party C IOI was significantly below the price per share offered by Parent and that Party C made no attempt to increase its price per share upon being informed that Innovid was not interested in discussing a potential strategic transaction at the price per share range offered in the Party C IOI.

#### ***Fairness Opinion of Innovid's Financial Advisor***

*The disclosure under the heading "Fairness Opinion of Innovid's Financial Advisor" is hereby amended and supplemented as follows:*

*By adding the underlined disclosure to the paragraph immediately following the heading "Discounted Cash Flow Analysis" on page 58 of the Proxy Statement:*

The cash flows and terminal values in each case were then discounted to present value as of June 30, 2024 using discount rates ranging from 14.0% to 17.0%, which were based on an estimate of Innovid's weighted average cost of capital, and the mid-year cash flow discounting convention. Based on this range of implied enterprise values, Innovid's estimated net cash (calculated as cash and cash equivalents less total debt) as of November 18, 2024 of approximately \$38 million, and the number of fully diluted shares of Innovid Common Stock, in each case as provided by Innovid's management, this analysis indicated a range of implied equity values per share of Innovid Common Stock of \$2.55 to \$4.23, compared to the Per Share Price of \$3.15 per share of Innovid Common Stock.

#### ***Litigation Relating to the Merger***

The disclosure under the heading “Litigation Relating to the Merger” is hereby amended and restated as follows:

As of February 3, 2025, two complaints have been filed by purported Innovid stockholders against Innovid and members of its board of directors in connection with the Merger Agreement and the transactions contemplated thereby. The two complaints are filed in New York state courts and captioned as *Richard Williams v. Innovid Corp. et al.* and *Philip Stone v. Innovid Corp. et al.*, which Innovid refers to collectively as the “Stockholder Actions”. In general, the Stockholder Actions claim negligent misrepresentation and concealment as well as negligence under New York common law and allege that the Proxy Statement omits or misstates material information. The Stockholder Actions seek, among other things, injunctive relief preventing the consummation of the Merger, unspecified damages, and attorneys’ fees.

In addition to the Stockholder Actions, several purported Innovid stockholders have sent demand letters alleging similar deficiencies regarding the disclosures made in the Proxy Statement.

At this time, it is not possible to predict the outcome of the Stockholder Actions or their impact on Innovid or the Merger. Innovid believes that the disclosures set forth in the Proxy Statement comply with applicable law and that the allegations asserted in the demand letters and Stockholder Actions are without merit.
