Explanation of Responses:

1. Represents the number of shares sold by the Reporting Person to cover tax withholding obligations in connection with the vesting of RSUs. Sales to cover tax withholding obligations in connection with the vesting of such securities do not represent discretionary trades by the Reporting Person. The Issuer's equity incentive plans allow the Issuer to require that satisfaction of tax withholding obligation to be funded by a "sell to cover" transaction.

2. The sale price reported is a weighted average price. These shares were sold in multiple transactions in the open market, in the same trading day, at prices ranging from $2.22 to $2.25. per share, inclusive.
